OBJECTIVE

A skilled Software Engineer specializing in Frontend Development with over 3 years of experience in web technologies such as HTML, CSS, JavaScript, and React.js. Proven track record in leading teams and instructing students in programming. Also, experienced in coordinating digital initiatives. Passionate about problem-solving and performance optimization, always eager to enhance my skills and knowledge in the field.

EXPERIENCE

Programming Instructor | ISKY Academy | Part-time, Remote

Sep 2025 – Present

- Delivering remote programming lessons to students, focusing on developing their coding and problem-solving skills through interactive sessions and hands-on projects.

Programming Instructor | FORASNA Academy | Part-time, Remote

July 2025 – Present

- Delivering remote programming lessons to students, focusing on developing their coding and problem-solving skills through interactive sessions and hands-on projects.

Freelance Coordinator | E-Youth – DPEI | Part-time, Remote

Oct 2024 - Present

- Serving as a coordinator, collaborating with various stakeholders to develop training programs aimed at enhancing digital skills among youth.

Freelance Coordinator | almentor–Digital Cubs of Egypt Initiative | Part-time, Remote

Jun 2024 - Present

- Serving as a coordinator, collaborating with various stakeholders to develop training programs aimed at enhancing digital skills among youth.

Frontend Instructor for both children and adults | Freelancing Courses | Part-time.

July 2024 - Dec 2024

- training students in web development using HTML, CSS, JavaScript, and React.js.

Frontend Development Instructor – Codepaker Bootcamp, IEEE

Aug 2024 - Feb 2024

- Taught an introductory session on the frontend course, giving students an overview of the curriculum and core concepts.

Head of Frontend Development | IEEE Al Azhar University Student Branch .

Oct 2023 - Oct 2024

- training students in web development using HTML, CSS, JavaScript, and React.js.

Instructor of Advanced Java Programming | Az-SENCS Al Azhar University Student Branch |

Feb 2022 - Oct 2023

- Taught advanced Java programming to students, focusing on improving their problem-solving skills and developing robust applications.

EDUCATION

Bachelor of Engineering ,Department of Systems Engineering and Computers | Faculty of Engineering | Al-Azhar University Cairo Egypt.
Oct 2020 –May2025

- GPA: Excellent (Honors Degree).

PROJECT

Medical Clinic Website | HTML, CSS

Designed and developed a responsive front-end interface for a medical clinic as part of my first training experience. Focused on clean layout, user-friendly navigation, and basic accessibility best practices.

<https://esraael.github.io/My-first-website/>

Library Website | HTML, CSS

Created a static website for a library during a training program, applying foundational front-end skills to design structured pages, styled content, and organized layout for browsing books and resources.

https://esraael.github.io/website_2/

Restaurant Website | HTML, CSS, Bootstrap

Developed a responsive and visually appealing website for a restaurant during a training phase, utilizing Bootstrap components to ensure mobile-friendliness and clean layout while strengthening front-end styling skills.

https://esraael.github.io/third_project_in_bootstrap/

Hajj & Umrah Guidance Website | HTML, CSS, Bootstrap

Built a responsive web platform aimed at simplifying Hajj and Umrah rituals for users, leveraging Bootstrap for layout structure and responsive design. Focused on clarity, accessibility, and user-friendly presentation of religious guidance.

https://esraael.github.io/alhaj_project/

E-Commerce Platform | HTML, CSS, JavaScript, Bootstrap

Designed and implemented a dynamic e-commerce website simulating online buying and selling processes. Integrated interactive features using JavaScript, such as product browsing, cart functionality, and responsive layouts with Bootstrap.

<https://esraael.github.io/project-with-js/>

Islamic Content Website (Qur'an & Hadith) | HTML, CSS, Bootstrap, JavaScript

Developed a responsive Islamic website displaying Qur'anic verses and prophetic Hadiths. Focused on clean UI design, structured content presentation, and interactive navigation using JavaScript and Bootstrap for an enhanced user experience.

https://esraael.github.io/islamic_project/

Personal Portfolio Website | HTML, CSS, Bootstrap, JavaScript

Created a fully responsive personal portfolio website showcasing my background, skills, and projects. Emphasized clean design, smooth navigation, and interactive elements to reflect my capabilities in front-end development.

<https://portfolio-henna-theta-63.vercel.app/>

Educational Platform (In Progress) | Next.js, TypeScript, Tailwind CSS

Currently developing a full-stack educational platform offering courses and interactive learning tools. Building scalable front-end components with Next.js and Tailwind, while integrating TypeScript for type safety and maintainability. Focused on performance, accessibility, and modular design.

CERTIFICATIONS

Frontend Track (React.js) Student in Digital Egypt Pioneers Initiative – DEPI.

Oct 2024

Backend Certificate Node.js in SEF Academy.

Jan 2024

Frontend Certificate React.js in SEF Academy.

May 2023

Introduction To Web Technologies in ITI Institute.

Jan 2023

TECHNICAL SKILLS

Programming Languages:

Java, C++, JavaScript, TypeScript

Front-End Development:

HTML, HTML5, CSS, CSS3, Bootstrap, React.js, Tailwind CSS, Next.js

Core CS Concepts:

Object-Oriented Programming (OOP), Data Structures, Problem Solving

Database & Backend:

Databases (Design & Management)

SOFT SKILLS

Proficiency in using Microsoft Office operating system (Word, Excel, PowerPoint).

Adapting to the fast-paced environment and the ability to deal with work pressure.

Ability to adapt to changes and different situations in a spirit of flexibility and confidence.

Ability to lead and motivate teams to achieve excellent results.

Excellent communication skills that enable me to interact effectively with the team and clients.

Ability to analyze technical problems and develop effective strategies to solve them.

Excellent ability to work under time pressure and under changing circumstances.

Ability to motivate, direct a team and take responsibility.

A love of learning, a curious mind and a desire to always acquire new skills.

Focus on details to ensure quality service provided.
